

## RESIDENTIAL ELLIPTICAL SERIES

# E95s

CLUB QUALITY FROM  
TOP TO BOTTOM

The E95 is an absolute "Best Buy" in every sense. Awarded "Best Elliptical" even when classified in its price category. That's why we equipped it with the newly designed adjustable stride feature. This beast just got even better. With adjustable stride range from 18" – 24", more friends and family can come enjoy this club quality product.

## PRODUCT HIGHLIGHTS

### CUSTOM DESIGNED FOOT PEDALS

These unique foot pedals were developed in collaboration with a leading physical therapist. Together with Sole engineers we have designed a 2 degree inward slope to the foot pedals which reduce ankle and knee stress common in other elliptical machines.

### CONVENIENT CONTROLS

Adjustable incline and resistance controls built into the arms makes it easy to change your workout without ever moving your hands.

### ADJUSTABLE FOOT PEDALS

This collaboration produced a revolutionary foot pedal angle adjustment not found on any other elliptical at any price. Not everyone walks the same way; for this reason we have made the pedals adjustable to fit the way you walk. This feature also reduces the numb toe effects and sore Achilles tendons.

### POWER INCLINE

This feature separates SOLE from the rest of the market. It creates a completely different workout that targets areas of the lower body that normally would not be worked out on an elliptical without Power Incline.

### SOUND SYSTEM

Sole has an integrated sound system with MP3 player compatible sound cord which enables the customer to play any audio device with a headphone jack to play through our speakers.

Compatible with iOS / Android

# RESIDENTIAL SERIES E95s

## TECHNICAL SPECIFICATIONS

Adjustable pedals	Yes
Stride length	51 cm
Resistance	20 levels
Incline	N/A
Handle bar resistance switch	Yes
Multi grip position	Yes
Chest Belt	Yes
Cooling fan	Yes
Flywheel weight	
Track	Dual track

## CONSOLE / WORKOUTS

Computer display	26.5 Graphic display
Console feedback	Time, distance, calories, RPM, level, laps, HR percent graph, pulse, watts, program
Pre-set programs	5 plus manual
User programs	2
HRC programs	2

## DIMENSIONS

Product size	L 209 x W 55 x H 171 cm
Carton size	L 168 x W 58 x H 86 cm
NW/GW	105 kg / 118 kg
MAX. user weight	170 kg

## WARRANTY

Frame / Motor	Lifetime
Running deck	10 years
Parts	3 years
