

CB900 INDOOR CYCLE

Integrating critical components for gym level performance

The needle bearings that encompass the pedals and flywheel axle, the industrial grade Hutchinson PK poly-V® belt, and our three piece crank work synergistically to create the perfect formula for durability and performance.

CB900 INDOOR CYCLE

- The 64 kilogram frame consisting of 2.5 mm thick oval tubing and round bars enhance stability and longevity.
- To prevent sweat corrosion, double powder paint is coated. The concave groove on the flywheel disperses sweat, extending the life of the flywheel.

CB900 VELO® RACING SADDLE

The Velo® Racing Saddle grants professional comfort. For more than 30 years on the market, the brand incorporates shock absorption, flexibility, lightness, cooling effects, and ergonomics into the construction of saddles. The CB900's saddle provides the same high quality.

EQUIPMENT SPECIFICATIONS

Console	Optional Single LCD, One-Window Console
Programs	N / A
Heart Rate	Telemetric (Chest strap sold separately)
Resistance	Rotary Knob; Micro-Adjustments
Drive Train	Industrial grade Hutchinson PK Poly-V Belt
Power	N / A
Flywheel System	20 kgs / 44 lbs.
Pedals	SPD & Toe Cage
Frame	Heavy-Gauge High-Strength Steel, Zinc Undercoating w/ Durable Powder-Coat Paint
Dimensions	1145 X 596 X 1095 mm / 46" x 54" x 44"
Product Weight	64 kgs / 141 lbs.
Max User Weight	160 kgs / 352 lbs.
